

Green Lighting & Energy Management

Seminar organized by ISLE jointly with Asansol Engineering College

The above one day seminar was organized by ISLE Calcutta State Centre jointly with Asansol Engineering College on 22nd April 2017.

Mr. Krishnendu Banerjee, Asst Prof. and Officer - Training & Placement welcomed all and invited the Principal to inaugurate the Seminar.

The seminar was inaugurated by the Principal, Prof.(Dr). M G Tiary, Asansol Engineering College followed by felicitation to the speakers and our Chairman Mr. Kamal Sethia. In his welcome address, the Principal emphasized the need of such programme in the institution to provide technical knowledge on the evolution of the modern trend in the field of Illumination engineering and Energy management practices. He also requested ISLE to organize more such programmes in future.

Mrs. Agamani Chakraborty, Assistant Professor, EE department and Mr. Sambit S. Mondal, HOD of ECE department expressed their thanks to ISLE, for conducting such programme in their institution for extending practical

knowledge to the students along with a small introduction about the college and their current and future plan regarding various programmes / activities under ISLE chapter.

Mr. Kamal Sethia, Chairman, ISLE, CSC, welcomed the august gathering and thanked the institution for conducting such programme. He briefly narrated the role of ISLE for imparting knowledge in the modern trend of Illumination and Electrical Engineering. He requested all the students and faculty members to become members of ISLE and avail the wide opportunity to interact with the various professionals in this field for their future prospects.

The seminar was participated by students of EE and ECE department along with quite a few faculty members, members of ISLE, CSC, Viz, Mr. Kamal Sethia, Prof. Asit Kumar Dutta, Mr. Tapan Ghosal, Mr. Joy Chakraborty and Mr. Vineet Rohatgi.

Prof. Asit Kumar Dutta, delivered his excellent power point presentation on "Lighting: Sustainable and Green", which was highly appreciated by the audience.

Mr. Kamal Sethia
Chairman
Kolkata State Centre, ISLE

Mr. Vineet Rohatgi delivered his power point presentation on evolution of LED and gave a detailed presentation on LED Technology.

Mr. Tapan Ghosal delivered his presentation of Energy Management and energy audit.

Mr. Joy Chakraborty presented his paper on the Solar P V Cell and Energy for future.

All the papers were highly educative and well accepted by the participants.

The seminar concluded by vote of thanks by Mr. Banty Banerjee, Asst. Training and Placement Officer of Asansol Engineering College.
