

MUMBAI STATE CENTRE

Lecture at Father Agnel Engg. College

August 25, 2012, Mumbai

*Subject: Illumination/Photometry/LED-Theory & Applications.*

*Speaker: Mr. K. Naveen, Sr. GM Bajaj Electricals*

This programme was attended by around 70 students. Examples of current methods of lighting design and illumination of different areas were covered including measurement. New light sources specially LEDs and their applications were introduced to the students. A lively Q & A discussion followed with students giving examples of using LEDs in their projects.
